15 FAM 733 REFURBISHMENT OF FURNITURE, FURNISHINGS, APPLIANCES, AND EQUIPMENT (FFA&E)

15 FAM 733.1 General Policy

(CT:OBO-1; 04-29-2005)

(Uniform State/USAID/Commerce/Agriculture/DIA)

The Bureau of Overseas Building Operations (OBO) funds regularly scheduled furniture, furnishings, appliances, and equipment (FFA&E) refurbishment and redecorating necessary for the residences of the ambassador, deputy chief of mission (DCM), consul general (CG) when principal officer (PO), chief of the liaison office, U.S. interest section PO, and U.S. representative to an international organization abroad. Costly, unnecessary changes and redecorating to accommodate personal tastes of new occupants are not authorized. The Representational Residence Review Committee approves the schedule of refurbishment for residences, oversees refurbishment, and ensures that costs are controlled. The committee consists of OBO's Director/Chief Operating Officer (DIR/COO) as chair; OBO's Managing Director for the Office of Project Execution (OBO/PE); the Executive Assistant to the Under Secretary for Management (M); two regional bureau executive directors (membership alternates annually); and

OBO's Director of the Interiors and Furnishings Division (OBO/PE/IF).

15 FAM 733.2 Guidelines

(CT:OBO-1; 04-29-2005)

(Uniform State/USAID/Commerce/Agriculture/DIA)

- a. The Interiors and Furnishings Division in the Project Execution Office of the Bureau of Overseas Buildings Operations (OBO/PE/IF) maintains a master list of the condition of all official residences with a schedule of planned refurbishment and briefs future occupants on the residences they will occupy. The prospective occupant may request changes to any proposed work using the Design Change Request Format, 15 FAM Exhibit 733.
- b. The paint color in the family living areas may be changed to accommodate the occupant's taste without prior approval. Routine maintenance and repair funds can be used for U.S. Government-owned long-term leased (GO/LTL) properties and salaries and expenses/diplomatic and consular programs (S&E/DCP) funds for short-term leased (STL) properties.
- c. Occupants may have other refurbishing work done in their residences at their own expense, with prior OBO/PE/IF approval. However, occupants must fund the costs required to return the residences to their original condition. Structural changes must be funded and approved separately by the Area Management Division in the Operations and Maintenance Office of the Bureau of Overseas Buildings Operations (OBO/OM/AM) and reviewed by the bureau's Civil Structural Branch in the Design and Engineering Division of the Project Execution Office (OBO/PE/DE/CSB) in accordance with 15 FAM 600.

These items must not be left with other agencies without prior OBO/PE/IF approval.
